

7 - 12 October 2013
Tehran, Iran

Sponsors:

The Second IPM meeting on LHC Physics

The 2nd conference in this series, this meeting will focus on the LHC Physics as well as upgrades. It intends to introduce the subject to the young students and scientists of the region.

The main experimental and technical topics related to the LHC will be reviewed by the leading scientists of the field. The areas to be reviewed include: Higgs Boson, Supersymmetry and Exotic Physics, Top Physics, Forward Physics, Heavy Ion Physics, Detector Physics and Upgrade.

International Advisory Board:

Duccio Abbaneo	CERN	Manfred Krammer	HEPHY
Marc Baarmand	Florida Inst. Tech	Greg Landsberg	Brown Univ.
Tiziano Camporesi	CERN	Chiara Mariotti	INFN-Torino
Jorgen D'Hondt	IIHE-VUB	Joachim Mnich	DESY
Daniel Denegri	Saclay	Alexandre Nikitenko	Imperial College
Albert De Roeck	CERN	Luc Pape	ETHZ
Jonathan R. Ellis	King's College	Klaus Rabbertz	Karlsruhe-IEKP
Joseph Incandela	UCSB	Shahram Rahatlou	INFN-Roma
Hannes Jung	DESY	Roberto Tenchini	INFN-Pisa

Organizing Committee:

Duccio Abbaneo	CERN
Hessamaddin Arfaei	IPM
Jorgen D'Hondt	IIHE-VUB
Daniel Denegri	Saclay
Hannes Jung	DESY
Mohsen Khakzad	IPM
Mojtaba Mohammadi Najafabadi	IPM
Saeid Paktinat Mehdiabadi	IPM
Batool Safarzadeh	IPM
