

## **New RPC electronic coordinator of the CMS experiment**

Dr. Behzad Boghrati has been officially appointed as the co-electronic coordinator of the RPC in the CERN CMS experiment

Dr. Behzad Boghrati of IPM and Damghan University has been appointed as the RPC co-electronic coordinator in the CMS experiment at CERN. Dr. Boghrati is an electronic engineer who has joined the IPM-CMS group since 2016. His scientific activities are related to design, fabrication, and test of the new Link Board system of the Resistive Plate Chambers (RPCs) of the CMS detector at CERN. The project is part of the IPM contribution in the CMS experiment Phase II upgrade. We congratulate him on this new position and look forward to seeing more success in future.
